MID-AUTUMN FESTIVAL COMMITTEE

Join a team of AAU people who plan, organize, and run the annual Mid-Autumn Festival in Chinatown.

OUR MISSION: The goals of the Mid-Autumn Festival (written in 1996) are:

- To promote Chinatown community unity through cultural reclamation
- To promote pride in Chinese culture and community
- To engage various sectors of the community in support for a community-wide celebration
- To promote intergenerational cooperation

WHO WE ARE: The AAU Mid-Autumn Festival Committee is a working group that plans, organizes and carries out the Festival. The committee looks after all aspects of the Festival, including the programming, equipment rental, volunteers, sales tables, security, children's activities and more.

Mid-Autumn Festival Commitments:

There is a wide range of commitment levels for this committee, depending upon what aspect of the committee interests you. Help is needed on all levels, from the planning stages up to the day of the Festival. If you sign up for the planning committee, there will be periodic meetings.
